### Through the Eyes of a Child

At morning drop-off, a child entered the yard and began looking around curiously. Wondering what he was looking for, an educator approached him and asked. He replied, “Where is Oushani?”

The educator answered, “She is at home sick.” to which the child replied, “Her picture is on the front door. That means she is here.”

The educator acknowledged his observation and said they could take down her picture once they were inside.

Moments like this are a reminder of how closely children notice the small details designed to help them feel connected to their environment.

### Spring Gear Reminder

Now that warmer weather is on the way we would like to let families know they can start bringing in their child’s spring gear.

Spring Gear List:

- Muddy buddy OR rain pants & rain coat
- Rubber boots
- Warm hat and gloves
- Full change of clothes (we WILL get wet)

### Did you know?

Did you know that Ages and Stages development questionnaires are available at the front office. Stop by to pick up a screen for your child.
